LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN,

It is with great pleasure that we write this Letter of Recommendation for **Krishna sai Channalli**, who has successfully completed their virtual internship in **Full Stack Web Development** at Codomax Digital Solutions.

Throughout the internship program, Krishna successfully completed all assigned technical milestones and projects with outstanding quality. They demonstrated a strong command of technical tools, outstanding problem-solving skills, and a highly analytical approach to developing robust solutions.

Beyond technical aptitude, Krishna exhibited excellent work ethic, professional communication, and a strong drive to learn and implement new methodologies. They consistently met deadlines and demonstrated the potential to excel in high-performing engineering environments.

We are confident that Krishna will be a highly valuable asset to any team they join. We recommend them without reservation for future academic or professional engagements and wish them continued success.

Best Regards,

Program Coordinator
